## Kiwi's Christmas Fundraiser 2021

Thank you for thinking local!

The Christmas fundraiser features Christmas ornaments and accessories, gift cards, poinsettias, Christmas cacti, DIY Christmas trees, Grinch trees and a variety of other houseplants for purchase. There are no minimum purchases per organization or customer. The organization then will receive part of the sales which varies from 10 to 30%. We have an online store set up under the organizations name where its' customers shop from. This link is easily sharable on different social media outlets or by email. The plant material and goods will be available for picked up at the nursery by the customer that purchased it. This reduces the work for the organization that is organizing the fundraiser.

The online store opens late October and runs to the end of November, with all items being available for pickup throughout that period.
